Some Old Stories.

Sir George Rose, once turning a corner, came suddenly upon some young barristers who were aping his walk and gestures. "You mistake, gentlemen," said the good-natured wit, "that's not the air of the rose—it is only the stalk."

Charles II. being in company with Lord Rochester and others of the nobility, Killigrew came in.

"Now," says the king, we will hear of our faults."

"No, faith," said Killigrew, "I don't care to trouble my head with that which all the town talks of."

Reynolds tells of a free and easy actor who passed three festive days at the seat of a certain noble marquis without any invitation, convinced (as proved to be the case) that my lord and my lady, not being on speaking terms, each would suppose the other had asked him.

An enterprising phrenologist once wrote a note to the late Charles Dickens, asking permission to make an examination of his cranium. Dickens replied:

Dear Sir—"At this time I require the use of my skull, but as soon as it shall be at leisure I will willingly place it at your disposal."—*Manchester Guardian.*

Cutting Red Tape.

Harper's Bazar gives the following veracious report of an interview between a negro and a sentinel at army gate, Richmond, just after the war:

Sentinel—Halt!

Negro—What I gut halt for?

Sentinel—No one allowed in there.

Negro—But I 'bleeged to go; I got a note for de boss.

Negro—But I tell you I 'bleeged to go in; Mr. Annerson he sent me.

Sentinel—Can't help who sent you; you can't go in.

Negro—Well, den, you gimme de gun an' you take de note.

Got the Symptoms.

Father, who has just returned home—Where is Tommy?

Mother—I don't know. He is acting very strange.

"How so?"

"He said he wouldn't wipe his feet on any such Christian as you are."

"Did he say that?"

"Yes, and he said if you give him any sass he'd have your hide on the fence before you knew it."

"Well, we must humor Tommy, and perhaps he will be a great boy."

Preacher—He's got the symptoms, sure.—*Texas Siftings.*

FOUR O'CLOCK P. M.

WASHINGTON.

The Position of Mr. Randall on the Sugar Question—The Senate on Lamar's Confirmation.

WASHINGTON, Jan. 10.—The report has been very widely circulated over the country that Mr. Randall would vote with the republicans to repeal or modify the sugar duty. A personal friend of Randall's, who talked with him yesterday on this matter, was authorized by him to positively contradict this statement. Randall says there is not a word of truth in it. He regards the sugar duty as almost pure revenue and will oppose all propositions for its repeal or for its large reduction.

At a special meeting of the senate committee on judiciary, this morning, the final vote was taken upon the nomination of Lamar to be an associate justice of the United States supreme court, and Mr. Vilas to be secretary of the interior. The party lines were drawn on the nomination of Lamar, and there will be a majority report by all the republicans of the committee against the confirmation, and the minority report will be signed by the democrats of the committee in favor of the confirmation.

The committee will unite in recommending the confirmation of Vilas and the reports will be submitted to the senate in secret session this afternoon, if an opportunity is offered.

Chairman Sawyer, of the committee on postoffice and post roads, is ready to make a unanimous report in favor of the confirmation of Postmaster General Dickinson when the reports are received from the judiciary.

Mr. Sawyer from the post office committee, reported with recommendation of an indefinite postponement. Mr. Butler offered a resolution for the appointment of a select committee on postal telegraph. The resolution was indefinitly postponed. A bill to credit and pay to the several states and territories and the district of Columbia alll monies collected under the direct tax of act of August, 1861, was reported by Mr. Morrill from the committee on finance. It was taken from the calendar and considered. Berry offered an amendment directing in cases where the tax was collected from citizens directly, or by the sale of property, the amount shall be paid to the governor of the state in trust for such citizens, whether the state be or be not indebted to the United States.

HOUSE.

After the introduction and reference of a large number of bills, the house at 1:50 p. m. adjourned

Congressman White has introduced bills to pension Annie W. Thiels and George Alcott.

READY FOR THE BIG RALLY.

The Hendricks Club Completes the Arrangements—The Gathering Clans.

INDIANAPOLIS, Jan. 10.—The preparations are completed for the democratic conference and grand demonstration of to-morrow and to-morrow night. The executive committee of the Hendricks club, which was authorized to select the various necessary committees to take care of the visitors, last night announced the following:

On Reception—Hon. John W. Kern, Hon. Leon O. Bailey, Allen W. Conduitt, R. O. Johnson and Myron W. King.

Among the advance guard of outside statesmen, who had arrived last night, were noticed the following, who were quartered at the Grand hotel: Senator S. E. Urmston, Hon. S. S. Harell and Mr. J. B. Kidney, of Brookville; Hon. P. S. O'Rourke, of Fort Wayne, and T. W. Sunman, of Spades.

Editor Watterson telegraphed last night that he would positively be here on the afternoon train of Wednesday.

FROZEN TO DEATH.

The Unfortunate Ending of a Dissipated Woman's Life.

LOUISVILLE, Ky., Jan. 10.—Mrs. Anna Weber, of 2,600 Rowan street, was found dead sitting on a stump at the north gate of the National park. A newspaper carrier made the ghastly discovery. The woman's elbows rested on her knees and her face was buried in her hands. In this position she had been frozen to death.

She had an industrious husband and eleven children, but the ties of home were not strong enough to keep her from drinking, and she had been dissipated for a year. She left home intoxicated yesterday afternoon, and, it is supposed, lost her way on the commons. Evidently overcome by fatigue and cold, she had sat down upon the stump to rest. Singularly enough, when found frozen her lips were wreathed in a smile. She was forty-five years old, and a strikingly handsome woman.

Kilrain and Smith.

LONDON, Jan. 10.—Smith and Kilrain appeared together at the Westminster Aquarium, last night, and sparred three rounds. Each announced his willingness to fight Sullivan in case the latter was successful in beating Mitchell. The attendance was larger than on any night during the engagement of Sullivan at the Aquarium.

A FATAL QUARREL!

Two Prominent Men Engage in a Quarrel and One is Shot Three Times.

CHATTANOOGA, Tenn., Jan. 10.—During a quarrel between Lew Owens and J. D. Barnes, of the boot and shoe firm of Barnes & Nix, this morning, the former was shot three times by Barnes, and the latter was cut by Owens. The wounds of Owens are mortal.

A WESTERN WRECK.

Several Persons Fatally Injured and a Little Boy Burned to Death.

DENVER, Col., Jan. 10.—A special from Rawlings, W. T., says: "Yesterday, at Edison station, a west-bound Union Pacific passenger train was run into from behind by a freight and two emigrant cars were telescoped and burned. All the injured were removed before the flames reached them, except a three year old son of Mrs. Street, of London, Eng., who was under the debris and was burned to a crisp. Scott Vermillion, the conductor of the freight train, and one of the oldest men on the division, took to the hills after the collision, and a party has gone in search of him.

The injured were taken to Laramie, where they received every care. The following is the list of fatalities:

D. O. Kreitzer, ankle broken; Mrs. Mreitzer, internal injuries, from which she will probably die. The four little children traveling with them were unhurt. James Price and wife, bad bruises and ribs broken. Mrs. Jennie Street, of London, Eng., badly cut in the right thigh. Her little son was burned to death. Mr. and Mrs. Johnson, severely bruised. Their five months old baby died after reaching Laramie, from the effects of its injuries. George Schearer, passenger brakeman, severe cuts in the thigh. This is the worst accident ever known on the Rawlins division.

STATE CHESS TOURNAMENT.

Noted Indiana Players who will Take Part in the Contest Beginning To-day.

INDIANAPOLIS, Jan. 10.—To-day the State Chess association holds its annual meeting and tourney in rooms 36, 38 and 40, Thorpe block. Dr. T. F. Leech, the president, arrived yesterday. The champion of last winter's tournament, Paul F. Kuhne, of Fort Wayne, arrived this morning. Dr. Leech is the champion of last summer's tourney. The match champion is N. Willetts, of the Indianapolis club. The contest between these three will be very close, and by the chess players of the state will be watched with great interest. They are called, respectively, the "summer," "winter" and "match" champions, just as Steintz is called the champion match player of the world and Capt. George H. Mackenzie, of New York, the champion tournament player of the world.

A RECTOR SUICIDES.

Rather Than Face a Criminal Charge in the Courts.

LONDON, Jan. 10.—Rev. John Lowther, the rector at Bolton, near Wigton, has committed suicide by shooting. Previous to the act he had received a summons to answer the charge of indecent assault upon a servant girl. The deceased was a cousin of Lord Lonsdale and a relative of Right Hon. James Lowther.

A Celebrated Case.

MADISON, Wis., Jan. 10.—The Wisconsin supreme court to-day rendered a decision in the celebrated case of Daniel Wells, jr., against Peter McGoech, which grew out of the failure of the famous lard deal in Chicago, in June, 1883. The decision reverses the judgment of the lower court and remands the case with the directions to render judgment for the plaintiff for $181,640.63 and 7 per cent. interest per annum, from June 17, 1883 to the date of judgement.

Capture of a Desperado.

EVANSVILLE, Ind., Jan. 10.—Sam Price, a notorious desperado and murderer, was captured by a detective, near Hickman, Ky. A large reward had been offered for him, dead or alive, for the foul and unprovoked murder of Sheriff Winters, of Hickman county. About ten days ago Detective Brizendine located the hiding place of his man, and took him by surprise while he was eating his breakfast.

Whispering of War.

ST. PETERSBURG, Jan. 10.—Well informed persons consider that, although the political situation is decidedly improved, the improvement is only conditional, and that if the European cabinets confine themselves to Platonic statements and fail to take corresponding action, the situation will shortly become as critical as it was two weeks ago.

There is some promise of fun between the Wabash and the Alton roads when the Grand Army encampment gathers at Springfield, Ill. The Wabash already announces a rate of 1 cent per mile for the round trip, and the Alton say they do not propose to get left on any of this business.

In the railroad wreck which occurred yesterday at West Lebanon, and noted in the telegraph columns of THE SENTINEL, Erastus Helm, postal clerk, was quite badly hurt. Mrs. S. M. Pettit, a sister of Conductor Baldwin, and a resident of this city, was thrown out of her seat in the chair car. She was a sufferer from hemorrhages and the shock brought on a severe and almost fatal attack. Engineer Maguire, of No. 56, wired his resignation immediately after the wreck. It was a very serious wreck, but the wrecking crew was soon at work and the track was clear last evening.

Charles Zimmerman, of the Kerr Murray shops, who returned from El Paso, Texas, a few weeks ago, states that bull fighting at Paso del Norte, on the Mexican side of the Rio Grande, is a rare Sabbath sport. It is prohibited on American soil, but this does not prevent the enterprising American from crossing the river and viewing the amusement under the flag of our sister republic. Mr. Zimmerman has seen several of the above contests and says it is extremely exciting. Of course, it is needless to say that American patronage and money sustains this relic of Spanish barbarism in Paso del Norte.

CHAUNCY WHITE.

The Aged Horse Thief Sentenced to Prison for Four Years.

Chauncy White is the man arrested at Grand Rapids for stealing a horse and buggy from William Robison, of Pleasant township, some three weeks ago.

He was arraigned before Judge O'Rourke, this morning, and said guilty to the affidavit charging him with grand larceny.

The judge looked at his gray hairs, drooping form and asked his age:

"I am sixty-nine years old," he replied.

He was then sentenced to prison for four years, and accepted the judgment without a word.

No one knows his real name nor from whence he hails. He will not talk, has not written a letter or sought a single friendship during his confinement.

His case puzzles the officers.

They had quarrelled Saturday night over a telegraph order and the quarrel was renewed last night in the depot office.

In the scuffle that ensued, Tidd knocked Talmage down, and was punching him, when Talmage pulled his revolver and shot him through the heart, killing him almost instantly. Talmage is about twenty years and was a conductor on a freight train on the Omaha branch of the Wabash Western railroad.

The Weather.

WASHINGTON, January 10.—Indiana, warmer, fair weather, fresh to brisk southwesterly winds.

GOOD SELECTIONS.

Senator J. M. Barrett and John C. Peters Justly Honored.

Hon. Charles McCulloch, by virtue of his position as chairman of the democratic county central committee, has appointed Hon. J. M. Barrett and Mr. J. C. Peters as delegates to represent Allen county at the state advisary convention and demonstration to be held at Indianapolis to-morrow.

Mr. McCulloch might have searched far and wide, but it is doubtful if he could name two gentlemen more acceptable or more likely to represent and express the sentiments of the democracy of this city and county than Messrs. Barrett and Peters.

Mr. Barrett is one of the brilliant lawyers of the Allen county bar and, as state senator, he achieved a reputation that makes his presence at any assembly an honor to the people he represents.

Mr. Peters is a representative citizen, who, from a humble start, has deservedly acquired much wealth and an enviable position in the industrial world. He is the owner of the Wayne hotel, one of the handsomest structures in the west, and is identified with our best interests.

The delegates will be accompanied by quite a large number of Fort Wayne gentlemen, so that altogether this democratic Gibraltar will occupy a prominent position in the party councils at Indianapolis to-morrow.

Some of the statesmen will go to-night and to-morrow morning, so as to be on the ground early.

E. A. K. HACKETT, Editor and Proprietor.

TUESDAY, JAN. 10, 1888.

THE Kokomo *Free Lance* has suspended publication. The name killed it.

THE shortest sentence ever served at the Michigan City penitentiary is six months. A man has just been sentenced for sixty days from Goshen, and the authorities will probably have to accept him.

THE democratic rally at Indianapolis to-morrow and the editorial convention Thursday will be notable events in our party history. Fort Wayne will have prominent representatives at the convention.

MRS. A. J. MCINTOSH, the oldest daughter of the late W. C. DePauw, of New Albany, who has entered suit against the executors, heirs, legatees and beneficiaries under the will, has submitted a proposition to Alex Dowling, the resident attorney of the estate, in which she offers to enter into an agreement with the heirs at law to observe the supposed last will of he father in regard to the payment of bequests to charities and public institutions should she succeed in breaking the will, and to pledge the entire estate to the discharge of these obligations. Unless this is approved by the other natural heirs, if the will is broken, the entire estate will revert to the DePauw family, and the other legatees will receive no part of the amount bequeathed to them.

CONGRESSMAN BROWNE, of the Sixth district, last week, introduced two very important bills in congress which, if passed, will cause to be paid to the state of Indiana, from the general government, a very large amount of money. The claims of the state against the general government vary in extent and character. In 1861 the state issued $2,000,000 in war loan bonds and on account of bad credit was obliged to sell them at a discount and redeem them at par, and it is claimed that the government should pay the difference, the amount of which is $636,979.41. Interest on this amount is also asked. Another claim is that based upon the action of the government, allowing each state fifteen per cent. rebate, and its share of the tax, provided it ordered it, which Governor Morton had done in Indiana. The other bill introduced by Mr. Browne provides for refunding to the various states and territories the amounts of the war tax paid by them, amounting in all to over $40,000,000, of which Indiana would probably be entitled to about $1,800,000.

SENATOR SHERMAN had not carefully read ex-President Jackson when he quoted him as against President Cleveland's proposition to reduce the tariff tax. In his farewell message Mr. Jackson said: "Congress has no right under the constitution to take money from the people, unless it is required to execute some one of the specific powers intrusted to the government; and if they raise more than is necessary for such purposes it is an abuse of the power of taxation, and unjust and oppressive. It may indeed happen that the revenue will sometimes exceed the amount anticipated when the taxes were laid. When, however, this is ascertained it is easy to reduce them; and, in such a case, it is unquestionably the duty of the government to reduce them, for no circumstances can justify it in assuming a power not given to it by the constitution, nor in taking away the money of the people when it is not needed for the legitimate wants of the government." Not less vigorously did he disapprove of the scheme advocated by James G. Blaine to continue taxation and divide the surplus among the states in proportion to their population. This, he said, was a violation of constitutional principles and predicted it would lead to corruption and abuse. He closed: "The surplus revenue will be drawn from the pockets of the people—from the farmer, the merchant and the laboring classes of society; but who will receive it when distributed among the states, where it is to be disposed of by leading politicians who have friends to favor and political partisans to gratify?"

THE people of Syracuse, N. Y., are indignant over Gen. E. W. Leavenworth's will. It ostensibly left to the city $500,000 for park improvements, public fountains, monuments, and a seminary for young women, besides bequests to Yale, Hamilton and Syracuse colleges and to a number of dependents. It is said the property is so entailed as to make the bequests practically delusive and of no avail. Consequently many pledges publicly made by the deceased are violated. Parks and avenues were named in his honor with the understanding that he was to contribute to their beautification.

"It's only a question of time," and a short time, too, as to when your rheumatism will yield to Hood's Sarsaparilla. Try it.

REORGANIZED.

The Tri-state Fair Association Meet and Elect Officers for the Coming Year.

Yesterday afternoon, at a meeting of the fair association, the following officers were elected for the ensuing year: W. D. Page, president; E. A. K. Hackett, vice-president; J. W. Pearse, superintendent; D. C. Fisher, treasurer; and W. W. Rockhill, secretary. Arrangements will soon be made for the annual fair, and it is to be hoped that it will be the best ever held in the county. Mr. Page will put new life into the institution and cause things to boom.

Y. M. C. A.

Annual Meeting of the Members and Election of Officers.

The annual meeting of the Y. M. C. A., as previously announced, was held in the association hall, last evening, the following are the officers elected for the ensuing year:

President—E. A. K. Hackett.

First Vice President—C. H. Newton.

Second Vice President—Hon. A. A. Chapin.

Third Vice President—W. E. Mossman.

Fourth Vice President—Dr. W. T. Ferguson.

Recording Secretary—Mr. C. B. Beaver.

Treasurer—Mr. J. W. Cromwell.

The meeting was a most enthusiastic one and all are determined to push forward to a speedy completion the beautiful building, so that aggressive work may be carried forward.

Marion Township Teachers's Institute.

The teachers' institute of Marion township convened at the school house in Williamsport, with our excellent trustee, J. J. Essig, in the chair.

The school room was handsomely decorated by the pupils of the school and their teacher, Mr. W. F. Essig. Around the wall hung many very beautiful pictures and mottoes; the mottoes being such as: "Obey Your Teacher" and "Do the Best You can." Such, were they heeded by all pupils, the country would be far in advance of its present literary attainments.

A goodly number had assembled to hear the discussions of the several subjects by the teachers to whom they were assigned.

All present seemed to coincide with all, or nearly all, the advanced ideas of teaching at the present day, as exemplified by the present corps of teachers and used by them in the daily routine of school room exercises.

The subjects discussed were full and pointed.

R. M. Smith gave his method of teaching history, which was a very able exposition of the subject and did credit to him.

"How to Teach the First Reader Grade" was the subject of a paper by J. C. Smith. A very spirited discussion followed.

Wm. F. Essig then conducted a class of his pupils in the geography of the United States thus showing his method of teaching that subject.

An adjournment for dinner was then had and on reassembling, C. Harrod gave a very clear explanation of the "Infinitive."

Miss Leah Barkley made a diagram of the "Pronoun," which was well received.

Common fractions was then very ably demonstrated by H. J. Fonner by means of objects.

H. I. Smith endeavored to tell the teachers "How to break up whispering in School."

This was followed by a talk on Neurlogy E. E. Jamison.

School government was the subject of a general discussion and participated in by nearly all present.

The institute then adjourned to meet Saturday, February 4th, 1888, at Middletown.

Rheumatism

Is undoubtedly caused by lactid acid in the blood. This acid attacks the fibrous tissues, and causes the pains and aches in the back, shoulders, knees, ankles, hips, and wrists. Thousands of people have found in Hood's Sarsaparilla a positive cure for rheumatism. This medicine, by its purifying action, neutralizes the acidity of the blood, and also builds up and strengthens the whole body.

THREE BARRELS

—— OF ——

MONEY HAVE ARRIVED!

Remember that these are money days, and will continue until Saturday night, January the 14th, when this novel and expensive souvenir system of distributing a very large per cent. of the sales to the purchasers, will be discontinued and the goods placed on sale, through an agent, at the same price, but without the souvenir. One of these barrels of genuine money are displayed in the front window of the store of the Globe Tea and Coffee company, 87 Calhoun street, Fort Wayne.

The greatest sight ever witnessed in this city. It is well worth coming miles to see. The other three barrels are distributed in the cans of tea and coffee for sale on the shelves of their store. The denominations of this money are 1's, 2's, 5's, 20's, 50's and 100 dollar bills. Every purchaser will certainly receive a sum of money ranging from 10 cents upwards.

But in order to accommodate parties ordering by mail or express, three sections of shelves will be reserved, and they will hold cans containing watches, diamonds, and other jewelry of lesser value. Orders by mail will be selected from these three sections of mixed cans of money, watches, diamonds, and other jewelry unless otherwise ordered.

Now is the time. Come while you can get these valuable presents. This company justly claim that they have as good a right to give away to their patrons these valuables as their competitors have to give cheap chromos, glassware, etc.

Below will be found a partial list of persons finding genuine diamonds and other valuable articles in their cans of tea and coffee on diamond days.

E. B. Kunkle, 138 East Wayne street, found a ladies' solid gold hunting case watch in tea. Miss Nellie Shaff, Arcola, Ind., got a solid gold chased ring. J. H. Heller, 185 West Jefferson street, found a genuine diamond ring. J. B. Hire, stock dealer, Claypool, Ind., found a ladies' solid hunting case stem winder and set watch. Mrs. M. L. Myers, 64 McClellen street, found a solid gold band ring. Andrew Schmidt, moulder, found a genuine diamond ruby and sapphire lace pin in his can, and over twenty other valuable souvenirs went out in orders received by mail and express. Orders by mail promptly forwarded to all parts of the United States on receipt of cash or post office order. Terms, single cans $1, six for $5, thirteen for $10, and twenty-seven for $20. Address

THE colored children of Oxford Ohio, have always had public schools separate from the white children's schools, but this year they refused to attend them, and insisted upon going to the same schools that the white children attended. They were refused admission, and brought an action against the school authorities, which has just been decided in favor of the negroes.

Syrup of Figs.

Manufactured only by the California Fig Syrup Co., San Francisco, Cal., is Nature's own true laxative. This pleasant California liquid fruit remedy may be had of Theime and Gross, druggists, large bottles at fifty cents or one dollar. It is the most pleasant, prompt, and effective remedy known to cleanse the system; to act on the Liver, Kidneys, and bowels gently yet thoroughly; to dispel Headaches, Colds and Fevers; to cure Constipation, Indigestion, and kindred ills.

The breath of a chronic catarrh patient is often so offensive that he becomes an object of disgust. After a time ulceration sets in, the spongy bones are attacked, and frequently entirely destroyed. A constant scource of discomfort is the dripping of the purulent secretions into the throat sometimes producing invetrate bronchitis, which in its turn has been the exciting cause of pulmonary disease. The brilliant results which have attended its use for years past properly designate Ely's Cream Balm as by far the best and only cure.

Tutt's Pills

J. H. ATHEY, a prominent druggist of Holly Springs, Miss., says: "Your pills are doing wonders in this state. The sale of Tutt's Pills exceed those of all others combined. They are peculiarly adapted to malarial diseases. Our physicians all prescribe them."

The treatment of many thousands of cases of those chronic weaknesses and distressing ailments peculiar to females, at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has afforded a vast experience in nicely adapting and thoroughly testing remedies for the cure of woman's peculiar maladies.

Dr. Pierce's Favorite Prescription is the outgrowth, or result, of this great and valuable experience. Thousands of testimonials, received from patients and from physicians who have tested it in the more aggravated and obstinate cases which had baffled their skill, prove it to be the most wonderful remedy ever devised for the relief and cure of suffering women. It is not recommended as a "cure-all," but as a most perfect Specific for woman's peculiar ailments.

As a powerful, invigorating tonic, it imparts strength to the whole system, and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine, "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Favorite Prescription is a legitimate medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For morning sickness, or nausea, from whatever cause arising, weak stomach, indigestion, dyspepsia and kindred symptoms, its use, in small doses, will prove very beneficial.

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhea, excessive flowing, painful or suppressed menstruation, unnatural suppressions, prolapsus, or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, accompanied with "internal heat."

As a regulator and promoter of functional action, at that critical period of change from girlhood to womanhood, "Favorite Prescription" is a perfectly safe remedial agent, and can produce only good results. It is equally efficacious and valuable in its effects when taken for those disorders and derangements incident to that later and most critical period, known as "The Change of Life."

"Favorite Prescription," when taken in connection with the use of Dr. Pierce's Golden Medical Discovery, and small laxative doses of Dr. Pierce's Purgative Pellets (Little Liver Pills), cures Liver, Kidney and Bladder diseases. Their combined use also removes blood taints, and abolishes cancerous and scrofulous humors from the system.

"Favorite Prescription" is the only medicine for women, sold by druggists, **under a positive guarantee,** from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years.

Large bottles (100 doses) **$1.00, or six bottles for $5.00.**

Wrong

To imagine that the treatment of Constipation consists merely in unloading the bowels. The medicine must not only act as a purgative, but be a tonic as well, and not produce after its use greater costiveness. This is what Simmons Liver Regulator always does.

"As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels."—W. J. McELROY, Macon, Ga.

Believe us, when we tell you that most of the despondent feeling (the blues) is the effect of a Torpid Liver, Indigestion, Weakness of Stomach, and Nervousness. A dose of Simmons Liver Regulator invariably relieves, cures and prevents a re-occurrence.

"I find Simmons Liver Regulator, very safe, harmless and valuable as a family medicine, and have used it for any disorder of the system and have found it to act like a charm, and I believe that if it was used in time, it would prove a great preventive of sickness. I have often recommended it to my friends, and shall continue to do so."—Rev. JAMES. M. ROLLINS, Fairfield, Va.

Simmons Liver Regulator is given with safety and with the happiest results, in almost any ailment, to the most delicate infant as well as to the adult. For all diseases in which a laxative, alterative, or purgative is needed, it will give the most perfect satisfaction. It is the cheapest, purest and best Family Medicine in the world.

AROUND THE DEPOTS

The New Assistant Master Mechanic of the Pittsburg Shops—An Employe of the Bass Works Injured.

Pay days are now in order again.

Cold days always have a bad effect on railroad travel.

C. W. Emerick has taken a position on the Pittsburg road as a fireman.

C. J. McCann, formerly a fireman on the Wabash, has taken a similar position on the Grand Rapids.

The ten new engines from the Baldwin locomotive works for the Nickel Plate will arrive next week.

George Butcher, an employe at Winch's spoke factory, who had his hand injured by a buzz saw a few days ago, is still confined to his home from his injuries.

The freedom from accidents on the railroads passing through this city was broken this morning by the accident which happened to the Pittsburg switchman, noted elsewhere.

Fred Fleishman, of the Bass moulding rooms, was out hunting the other day and killed fifteen rabbits. This gives the ribbon to Fred now, until somebody in the shops beats that record.

Robert Harrison, the foreman in the Pittsburg car shops, is still on the sick list. His brother, William, one of the well known and competent employes of the works, is performing his duties during his sickness.

The Bass foundry have connected the moulding rooms of their car wheel department with the other moulding rooms of the works by means of an arched doorway, an improvement that adds wonderfully to the convenience of the workmen.

The promotion of the firemen on the Pittsburg road to the position of engineers, which were mentioned in one of the daily papers of yesterday as having taken place since the beginning of the new year, occurred during the first part of last month and were mentioned in THE SENTINEL at the time.

Joseph Buckley, an employe in the blacksmith shops of the Bass foundry, was quite seriously injured yesterday afternoon by a spark from a piece of red hot iron flying in his eye. The injury will keep him from work for several days. He boards on Baker street. These accidents are frequent in the manufacturing establishments.

The impression prevails that General Manager Baldwin, of the Pennsylvania lines, will increase the pay of the men in the train service as desired by the latter. He says that when his answer is ready he will give it to the men direct, not through the press. Right here it will be well for General Manager Baldwin to bear in mind that the course the press has pursued on the line of the Pennsylvania system has done much to prevent strikes.

Mr. J. E. Steward, of Dennison, O., formerly an employe of the Pan Handle road, has been appointed to the position of master mechanic of the Pittsburg shops in this city, and assumed his new duties this morning. Mr. Steward is a young man of fine abilities, pleasant address and has the experience and knowledge to fill this important position in an acceptable manner. He arrived in the city yesterday and is now making himself familiar with the practical details of the company's mammoth works and in getting acquainted with the men in the various departments.

On some of the roads where the rules, which were adopted at the recent meeting of the superintendents of the United States, have been introduced, the train men are not taking kindly to them. They do not object to the rules regarding the use of intoxicating liquors, but they hardly think it fair that they can not smoke when on duty, especially the freight crews. "Of course, no employe on a passenger train would think of smoking when on duty, but the freight train crews like to get into the caboose and smoke and tell stories when waiting on side tracks," says one of their number.

The Fort Wayne Iron works, Horton Manufacturing company, Kerr Murray foundry and the Bass works paid off their employes to-day and the boys of those establishments will have a pocket full of money to-night. One of the foremen in a large manufacturing establishment of the city said to a SENTINEL reporter this morning that he always hated to see pay day come. "Why?" asked our young man. "Because," said he, "there is always a large number of men, who instead of using their money for the comfort of their families spend it in saloons and either fail to report for work the next day or come in a half intoxicated condition and really unfit for work. The saloons get a big part of the earnings of some of my men and the wages they draw don't last them long. Many of them have their earnings spent in a few days and their families have to suffer from it for the balance of the month. They ought to learn by experience, but they don't seem to do it, and the same old story of dissipation and suffering is repeated every month. This is why I say 'I hate to see pay days come.'"

Gilded five cents are going for five dollar gold pieces, but Dr. Bull's Cough Syrup needs no gilding to make it go.

The Drum Major.

Do you, my dear sir, who read this fancy that you could be a drum major? Can you fancy anything more exquisitely foolish than you would look in that dress? No. Preposterous as our conceit is in most directions, we know that a limit is set to all human achievement. You could no more march in review for miles before thousands of people and flourish your rattan in their faces with the debonair grace or easy insolence of a drum major than you could fly. You would certainly suck it, and probably drop it, and possibly run somebody through with it. You would look positively purple in your hideous embarrassment, and sigh for an earthquake to swallow you or the spectators up as you shambled awkwardly along in utter wretchedness, but, unlike Alice Ben Bolt of ballad fame, you would not make the multitude weep with delight by your smile or tremble with fear at your frown, and not for all the gold of Arabia and the gems of Samarcand would you put yourself in such a position. Have you, par hasard, has anybody, ever seen a dead drum major? Can you lay your hands on a living one? What is he like in private life? Is he as good as he is great? Has he any occupation except "to exist beautifully," a dwelling-place, associates?

Like a king, he can have no friends, for he has no equals, but he may have a family, though to imagine him a Benedict smoking his pipe on the back steps of a tenement-house in his shirt sleeves, while a half-dozen dirty drum majorkins swarm about him is quite impossible, and to fancy him *deshabille*, in a red-flannel night-cap, his face swelled up (instead of his chest, with toothache, warming the baby's food at twenty minutes of 2 a. m., gives the mind a shock from which there is no recovery. It is a question, of course, whether he inspires anything like the terror at home that he does abroad.

I opine that Mrs. Drum Major is a small, very small woman, who has that blustering braggart of a husband, before whom we tremble, completely under her thumb. She has got the length of his foot long since. Stamps on it porsistently and who makes him take it away. She knows who is afraid and can be made to roar as gently as any sucking dove. Are, then, the wives of drum majors the real rulers of the world? This is a most alarming idea; for who rules them? Their priests? Their physicians? A baby? A lapdog? Gracious powers! What is the use of magna charta, trial by jury, or the Declaration of Independence, if what politicians (with a reporter behind the platform, taking notes) call "the sacred liberties of the people" are at the mercy of such obscure and irresponsible parties as those last named? Shades of our revolutionary forefathers, was it for this that ye bled and died?

Such as they are, however, we have got to accept them. The barbarian in us loves glitter and show, and as long as a single procession winds along the path of glory, the drum major will be found entrancing and dragooning the hydraheaded monster as we see him in Detaille's great picture, so

Here's health to all gentleman drummers,
That ever have thumped on a skin.

—*Frances C. Baylor, in Lippincott's.*

If the food is not properly digested it becomes corrupt, and poisons the system It is intended to nourish. This is indigestion.

"My wife has suffered for many years with indigestion. After trying everything else recommended, she tried Simmons Liver Regulator. In three days after taking it according to directions she was in perfect health; she does not suffer at all and can eat anything she wants without any of her previous symptoms."

An Undeveloped Bonanza.

The chief plant products of West Africa having a present economic value are, according to a new hand-book by Captain Alfred Moloney, palm oil, ground nuts, india-rubber, coffee, dyewoods, cacas, cotton fibers, and timbers. Palm oil is obtained from a plant covering immense areas, and is imported to England to the value of nearly $5,000,000 yearly. A new product is the "white African rubber," from *Landolphia owariensis*, in which the trade has risen during the last four years from almost nothing to nearly $180,000. Many plants yield valuable gums, and many have important medicinal properties. There is besides, a wonderful botanical wealth whose possible practical value is not known.—*Arkansaw Traveler.*

To millions, pleasing their palates and cleansing their system, arousing their Livers, Kidneys, Stomachs, and Bowels to a healthy activity. Such is the mission of the famous California liquid fruit remedy, Syrup of Figs. 50c. and $1 bottles for sale by Thieme & Gross.

I give honor to whom it is due. Dr. David Kennedy's favorite remedy cured me of Bright's disease and Gravel. Four of the best physicians had failed to relieve me. I have recommended it to scores of people with like success, and know it will cure all who try it.—Mrs. E. P. Mizner, Burg Hill, O. Send 2c. stamp to Dr. Kennedy, Rondout, N. A Lean Larder.

It is pleasant to know even one family in which a child of tender years takes an interest in those practical details of housekeeping which make a woman so valuable to a man who wants to keep house. The youngster is but 7. They are a family of three and none of them like dessert. But the other evening a guest unexpectedly came to dinner, and it came to be a question as to whether he might not like a bit of cheese. The young lady, with great urbanity, looked up, and said:

"Mamma, I don't think there's anything in the house except some 'mouse' cheese, and I don't think the General would like that."—*San Francisco Chronicle.*

The Commercial Travelers' association closed its annual meeting. It was resolved that all future assemblies of the association should be held in Indianapolis.

The night police officers are receiving their new uniform caps. Officer Leonard Fuchshuber will don his cap to-night. His fellow officers are arranging to make the event memorable.

The management of the "Still Alarm" company evidently mean business when they offer a wager that their horses can answer the alarm quicker than any team in the world. A gentleman of this city saw them the other evening and pronounces their hitching-up wonderful.

The Logansport *Pharos* pays this compliment to a former Fort Wayne priest: "Rev. Father Campion announced to his congregation yesterday morning that all necessary arrangements had been made for enlarging and improving the St. Vincent de Paul church. The work will be commenced early in the spring. The prosperity of the church under Father Campion's charge has been of the most satisfactory nature."

The Pullman Car company have just turned out of their shops what is said to be a model baggage car. The car was built to run on the Atlantic coast line, is fitted up with all modern improvements, and will be lighted with electricity furnished by a dynamo placed in the car, which will derive its power from the axles of the car. The special facilities for smashing "Saratogas," will carry with them the entire force of the train.

The Indiana department, G. A. R., donates $20,000 annually to the sick. This is outside of the work done by the ladies' relief corps.

Miss Lizzie Horstmeyer, of Ewing street, gave a very pleasant birthday reception at her home last evening and entertained her friends in royal style.

Charley, the little son of Mr. and Mrs. C. J. Sosenheimer, is very low with intermittent fever. The two other children are recovering from an attack of the same disease.

Mr. Robert Ogden, the good-natured lumber, observed the sixty-fourth anniversary of his birth last night and his employes gave him an elegant easy chair as a token of their regard.

The Michigan City *Dispatch* writes up the available bachelors of that place. It has this personal mention of a well known Fort Wayne gentleman: "Luke Fleming, of the prison staff, is considered by many as a desirable quality, but seems to be rather adverse to society; with the advice and co-operation of a life partner, it is believed that he might outshine Henry Neimer as 'belle of the ball.'"

The annual meeting of the Morton club, an organization that wastes its energies in social pleasures and republican campaign work, met last night and elected the following officers for the ensuing year: President, A. A. Chapin; first vice-president, Dr. A. J. Laubach; second vice president, Leopold Freiberger; third vice president, James H. Simonson; fourth vice president, Harry C. Hanna; recording secretary, Allen H. Dougall; financial secretary, George W. Mullen; treasurer, C. W. Orr. Board of directors, G. E. Bursley, W. D. Page, C. R. Higgins, Frank M. Leonard and Paul Kuhne.

The city councilmen met last night to formally discuss the proposition of the Jenney company to light the city. The discussion was warm and varied, but the gentlemen very wisely concluded to submit the question to the mayor, city attorney and a special committee, who will submit a contract with the Jenney company to the council and then final action will be taken. It is believed that no councilman wishes to deprive the Jenney company of the privilege of lighting their own city. They simply want a satisfactory contract and THE SENTINEL feels that one satisfactory to all interests will be framed. The committee will be named to-night and a report will be submitted by them at the meeting two weeks hence.

Adam B. Reinhardt has sold to Mathias Reinhardt lot 164, Hanna's addition for $2,000; Anna Quardt and Peter Barnhardt lot 16, Rockhill & Nelson's addition, for $200.

Mrs. J. R. Darrow, Mrs. M. W. Darrow and Mrs. John Dreibelbiss returned from Denver, Col., yesterday afternoon, where they attended the obsequies of Jesse Darrow, the printer, who died in Denver, on Christmas night.

Capt. Scott Swann has again been appointed traveling salesman in Northern Indiana for the Walter A. Wood mower and binder. T. J. Nolton is the city agent. Captain Swann is one of the best machine men in the country and a hustler in everything he undertakes.

Fred O. Stringer, son of Mr. E. T. Stringer, of West DeWald street, has just been appointed to a position in the railway service, with his run on the Lake Shore road, between Chicago and New York. Mr. Stringer is a bright, deserving young man and his recognition is but a just tribute to his father, who is one of the staunchest democrats in the state.

Mart Devany, the vicious youth who was supposed to be safely ensconced in the state reform school at Plainfield, arrived in the city yesterday. He says that while enjoying a lunch with Deputy Sheriff Schrader, at Indianapolis, he managed to escape from that officer and has since been at liberty. He went east on a freight train last night and says he will not return to Fort Wayne.

In the First and Second wards the republicans held caucuses last night to elect delegates to the congressional convention. In both precincts an attempt was made to appoint delegates to the state convention. In the First ward the contest was between friends and opponents of Colonel Robertson, whose delegates were chosen. In the Second ward Mr. J. B. Harper was defeated for state delegate and he precipitated a row, denying that the caucuses had the authority to select state delegates. This is a very pretty picture of republican harmony.

BUSINESS MEN.

The Annual Meeting of the Exchange and the New Officers.

The Business Men's exchange observed the first anniversary of organization, at its parlors on Clinton street, last night. Mr. P. A. Randall presided and the roll call showed a good attendance. G. W. Seavy reported gratifying progress in the project of inducing the city council to encourage the piping of natural gas to this city and held that it was better to have no gas than have it at exorbitant prices.

Mr. Mason Long was elected to membership and the secretary read a complimentary review of the work and achievements of the exchange during the past year.

The first annual election was then held. Twenty-seven names were presented from which to choose the eleven directors. The result was the choice of the following gentlemen: J. B. White, G. W. Seavey, Frank Alderman, A. S. Lauferty, S. M. Foster, P. A. Randall, Fred Eckert, J. B. Monning, Fred Beach, H. D. Winch and Ohrist. Schlatter.

The directors met immediately and elected the following officers: President, J. B. White; vice-president, G. W. Seavey; treasurer, Fred Eckert; financial secretary, J. B. Monning; recording and corresponding secretary, A. J. Moynihan; trustees, M. V. B. Spencer, J. C. Peters and D. N. Foster.

THE SENTINEL is pleased to know that the exchange will continue its good work and bespeaks for it the support of the business community.

Rough on the Counsel.

The following experience of a lawyer was related by himself to the writer many years ago:

He said—I was defending a prisoner for horse stealing, and seeing no other means of defending him under the circumstances, I set up the plea of insanity. I argued it at length, read many extracts from works on medical jurisprudence, and had the patient attention of the Court. The prosecuting counsel did not attempt to reply to my argument or controvert my authorities; I seemed to have things my own way, and whispered to the prisoner that he needn't be uneasy.

Then came the Judge's charge, in which he reminded the jury that there was no dispute between counsel as to the facts of the case. Indeed, there could not have been, for several witnesses had sworn positively that they saw my client steal the horse. "But," concluded the Court, "the plea of insanity has been set up, and I charge you, gentlemen of the jury, that it should receive your very grave and serious deliberation; but I must be allowed to say, gentlemen, that for myself, upon a review of the whole case, I can discover no traces of insanity on the part of the prisoner, except, perhaps, in the selection of his counsel."—*Western Exchange.*

Shall It Be a "Penny Counter" Next?

When any one not familiar with that peculiar institution walks through what is known as a "five-cent store" he is amazed at the thousands of articles of real value that can be bought for that trifling sum. The manufacture of goods of this kind is becoming a distinct line of business. Shall we not have "penny stores" next? It is said that almost as great a variety of goods can be shown at a penny each as at the higher price. Would it not be a good idea for some of the larger houses to try the experiment of a "penny counter?"—*Philadelphia Times.*

Some Old Stories.

Sir George Rose, once turning a corner, came suddenly upon some young barristers who were aping his walk and gestures. "You mistake, gentlemen," said the good-natured wit, "that's not the air of the rose—it is only the stalk."

Charles II. being in company with Lord Rochester and others of the nobility, Killigrew came in.

"Now," says the king, we will hear of our faults."

"No, faith," said Killigrew, "I don't care to trouble my head with that which all the town talks of."

Reynolds tells of a free and easy actor who passed three festive days at the seat of a certain noble marquis without any invitation, convinced (as proved to be the case) that my lord and my lady, not being on speaking terms, each would suppose the other had asked him.

An enterprising phrenologist once wrote a note to the late Charles Dickens, asking permission to make an examination of his cranium. Dickens replied:

Dear Sir—"At this time I require the use of my skull, but as soon as it shall be at leisure I will willingly place it at your disposal."—*Manchester Guardian.*

WASHINGTON.

The Position of Mr. Randall on the Sugar Question—The Senate on Lamar's Confirmation.

WASHINGTON, Jan. 10.—The report has been very widely circulated over the country that Mr. Randall would vote with the republicans to repeal or modify the sugar duty. A personal friend of Randall's, who talked with him yesterday on this matter, was authorized by him to positively contradict this statement. Randall says there is not a word of truth in it. He regards the sugar duty as almost pure revenue and will oppose all propositions for its repeal or for its large reduction.

At a special meeting of the senate committee on judiciary, this morning, the final vote was taken upon the nomination of Lamar to be an associate justice of the United States supreme court, and Mr. Vilas to be secretary of the interior. The party lines were drawn on the nomination of Lamar, and there will be a majority report by all the republicans of the committee against the confirmation, and the minority report will be signed by the democrats of the committee in favor of the confirmation.

The committee will unite in recommending the confirmation of Vilas and the reports will be submitted to the senate in secret session this afternoon, if an opportunity is offered.

Chairman Sawyer, of the committee on postoffice and post roads, is ready to make a unanimous report in favor of the confirmation of Postmaster General Dickinson when the reports are received from the judiciary.

Mr. Sawyer from the post office committee, reported with recommendation of an indefinite postponement. Mr. Butler offered a resolution for the appointment of a select committee on postal telegraph. The resolution was indefinitly postponed. A bill to credit and pay to the several states and territories and the district of Columbia all monies collected under the direct tax of act of August, 1861, was reported by Mr. Morrill from the committee on finance. It was taken from the calendar and considered. Berry offered an amendment directing in cases where the tax was collected from citizens directly, or by the sale of property, the amount shall be paid to the governor of the state in trust for such citizens, whether the state be or be not indebted to the United States.

READY FOR THE BIG RALLY.

The Hendricks Club Completes the Arrangements—The Gathering Class.

INDIANAPOLIS, Jan. 10.—The preparations are completed for the democratic conference and grand demonstration of to-morrow and to-morrow night. The executive committee of the Hendricks club, which was authorized to select the various necessary committees to take care of the visitors, last night announced the following:

On Reception—Hon. John W. Kern, Hon. Leon O. Bailey, Allen W. Conduitt, B. O. Johnson and Myron W. King.

Among the advance guard of outside statesmen, who had arrived last night, were noticed the following, who were quartered at the Grand hotel: Senator S. E. Urmston, Hon. S. S. Harell and Mr. J. B. Kidney, of Brookville; Hon. P. S. O'Rourke, of Fort Wayne, and T. W. Sunman, of Spades.

Editor Watterson telegraphed last night that he would positively be here on the afternoon train of Wednesday.

FROZEN TO DEATH.

The Unfortunate Ending of a Dissipated Woman's Life.

LOUISVILLE, Ky., Jan. 10.—Mrs. Anna Weber, of 2,600 Rowan street, was found dead sitting on a stump at the north gate of the National park. A newspaper carrier made the ghastly discovery. The woman's elbows rested on her knees and her face was buried in her hands. In this position she had been frozen to death.

She had an industrious husband and eleven children, but the ties of home were not strong enough to keep her from drinking, and she had been dissipated for a year. She left home intoxicated yesterday afternoon, and, it is supposed, lost her way on the commons. Evidently overcome by fatigue and cold, she had sat down upon the stump to rest. Singularly enough, when found frozen her lips were wreathed in a smile. She was forty-five years old, and a strikingly handsome woman.

Kilrain and Smith.

LONDON, Jan. 10.—Smith and Kilrain appeared together at the Westminster Aquarium, last night, and sparred three rounds. Each announced his willingness to fight Sullivan in case the latter was successful in beating Mitchell. The attendance was larger than on any night during the engagement of Sullivan at the Aquarium.

A FATAL QUARREL!

Two Prominent Men Engage in a Quarrel and One is Shot Three Times.

CHATTANOOGA, Tenn., Jan. 10.—During a quarrel between Lew Owens and J. D. Barnes, of the boot and shoe firm of Barnes & Nix, this morning, the former was shot three times by Barnes, and the latter was cut by Owens. The wounds of Owens are mortal.

A WESTERN WRECK.

Several Persons Fatally Injured and a Little Boy Burned to Death.

DENVER, Col., Jan. 10.—A special from Rawlings, W. T., says: "Yesterday, at Edison station, a west-bound Union Pacific passenger train was run into from behind by a freight and two emigrant cars were telescoped and burned. All the injured were removed before the flames reached them, except a three year old son of Mrs. Street, of London, Eng., who was under the debris and was burned to a crisp. Scott Vermillion, the conductor of the freight train, and one of the oldest men on the division, took to the hills after the collision, and a party has gone in search of him.

The injured were taken to Laramie, where they received every care. The following is the list of fatalities:

D. O. Kreitzer, ankle broken; Mrs. Kreitzer, internal injuries, from which she will probably die. The four little children traveling with them were unhurt. James Price and wife, bad bruises and ribs broken. Mrs. Jennie Street, of London, Eng., badly cut in the right thigh. Her little son was burned to death. Mr. and Mrs. Johnson, severely bruised. Their five months old baby died after reaching Laramie, from the effects of its injuries. George Schearer, passenger brakeman, severe cuts in the thigh. This is the worst accident ever known on the Rawlins division.

STATE CHESS TOURNAMENT.

Noted Indiana Players who will Take Part in the Contest Beginning To-day.

INDIANAPOLIS, Jan. 10.—To-day the State Chess association holds its annual meeting and tourney in rooms 36, 38 and 40, Thorpe block. Dr. T. F. Leech, the president, arrived yesterday. The champion of last winter's tournament, Paul P. Kuhne, of Fort Wayne, arrived this morning. Dr. Leech is the champion of last summer's tourney. The match champion is N. Willetts, of the Indianapolis club. The contest between these three will be very close, and by the chess players of the state will be watched with great interest. They are called, respectively, the "summer," "winter" and "match" champions, just as Steintz is called the champion match player of the world and Capt. George H. Mackenzie, of New York, the champion tournament player of the world.

A RECTOR SUICIDES.

Rather Than Face a Criminal Charge in the Courts.

LONDON, Jan. 10.—Rev. John Lowther, the rector at Bolton, near Wigton, has committed suicide by shooting. Previous to the act he had received a summons to answer the charge of indecent assault upon a servant girl. The deceased was a cousin of Lord Lonsdale and a relative of Right Hon. James Lowther.

A Celebrated Case.

MADISON, Wis., Jan. 10.—The Wisconsin supreme court to-day rendered a decision in the celebrated case of Daniel Wells, jr., against Peter McGeoch, which grew out of the failure of the famous lard deal in Chicago, in June, 1883. The decision reverses the judgment of the lower court and remands the case with the directions to render judgment for the plaintiff for $181,640.63 and 7 per cent. interest per annum, from June 17, 1883 to the date of judgement.

Capture of a Desperado.

EVANSVILLE, Ind., Jan. 10.—Sam Price, a notorious desperado and murderer, was captured by a detective, near Hickman, Ky. A large reward had been offered for him, dead or alive, for the foul and unprovoked murder of Sheriff Winters, of Hickman county. About ten days ago Detective Brizendine located the hiding place of his man, and took him by surprise while he was eating his breakfast.

Whispering of War.

ST. PETERSBURG, Jan. 10.—Well informed persons consider that, although the political situation is decidedly improved, the improvement is only conditional, and that if the European cabinets confine themselves to Platonic statements and fail to take corresponding action, the situation will shortly become as critical as it was two weeks ago.

Developing a Volcano.

NOGALES, Ari., Jan. 10.—San Martin peak, in the state of Vera Cruz, New Mexico, has been belching forth dense smoke for some time. It is thought the mountain will become an immense volcano.

Col. S. B. Sweet, of this city, has been promoted to the position of assistant general freight agent of the Lake Erie and Western railroad, with an office at Indianapolis. Colonel Sweet is one of the great railroad men of Indiana.

Receiver McNulta, of the Wabash, and General Passenger Agent Charlton, of the Chicago and Alton, are still slaughtering rates, both passenger and freight, in the territory in which they compete, and the other roads interested in that business are lookers-on.

John Porter, formerly employed at the store of Morgan & Beach, is said to have left last Sunday night for Los Angelos, Cal., in company with Emma Stapleford, a woman familiar about town. It is said they will be married. Porter's departure occasions great surprise.

There is some promise of fun between the Wabash and the Alton roads when the Grand Army encampment gathers at Springfield, Ill. The Wabash already announces a rate of 1 cent per mile for the round trip, and the Alton say they do not propose to get left on any of this business.

In the railroad wreck which occurred yesterday at West Lebanon, and noted in the telegraph columns of THE SENTINEL, Erastus Helm, postal clerk, was quite badly hurt. Mrs. S. M. Pettit, a sister of Conductor Baldwin, and a resident of this city, was thrown out of her seat in the chair car. She was a sufferer from hemorrhages and the shock brought on a severe and almost fatal attack. Engineer Maguire, of No. 56, wired his resignation immediately after the wreck. It was a very serious wreck, but the wrecking crew was soon at work and the track was clear last evening.

Charles Zimmerman, of the Kerr Murray shops, who returned from El Paso, Texas, a few weeks ago, states that bull fighting at Paso del Norte, on the Mexican side of the Rio Grande, is a rare Sabbath sport. It is prohibited on American soil, but this does not prevent the enterprising American from crossing the river and viewing the amusement under the flag of our sister republic. Mr. Zimmerman has seen several of the above contests and says it is extremely exciting. Of course, it is needless to say that American patronage and money sustains this relic of Spanish barbarism in Paso del Norte.

CHAUNCY WHITE.

The Aged Horse Thief Sentenced to Prison for Four Years.

Chauncy White is the man arrested at Grand Rapids for stealing a horse and buggy from William Robison, of Pleasant township, some three weeks ago.

He was arraigned before Judge O'Rourke, this morning, and said guilty to the affidavit charging him with grand larceny.

The judge looked at his gray hairs, drooping form and asked his age:

"I am sixty-nine years old," he replied.

He was then sentenced to prison for four years, and accepted the judgment without a word.

No one knows his real name nor from whence he hails. He will not talk, has not written a letter or sought a single friendship during his confinement.

His case puzzles the officers.

BETWEEN THE CARS.

George Hossler, a Pittsburg Switchman Has His Collar Bone Broken.

This morning while George Hossler, a switchman on the Pittsburg road, was making a coupling of freight cars, near the Hanna street railroad crossing, he was struck in the shoulder by one of the cars and had his collar bone broken.

He was taken to the city hospital and his injuries attended to by Dr. Stemen. His home is at Columbia City and he has only been in the employ of the company at his new duties for a few days. He will remain at the city hospital until he recovers from his injuries.

TALMAGE'S SON!

The Son of the Late General Manager of the Wabash Kills His Man In a Quarrel.

BRUNSWICK, Mo., Jan. 10.—J. C. Talmage, the son of the late A. A. Talmage, formerly general manager of the Wabash, shot and killed Night Operator C. J. Tidd, at this place last evening. They had quarrelled Saturday night over a telegraph order and the quarrel was renewed last night in the depot office.

In the scuffle that ensued, Tidd knocked Talmage down, and was punching him, when Talmage pulled his revolver and shot him through the heart, killing him almost instantly. Talmage is about twenty years and was a conductor on a freight train on the Omaha branch of the Wabash Western railroad.

An Insane Hoosier Farmer's Suicide.

LAFAYETTE, Ind., Jan. 10.—John Cunningham, residing at Battle Ground, one of the oldest and best known farmers of Tippecanoe county, suicided last night. He put the muzzle of a double-barrel shot gun under his chin, but his wife prevented him firing it. He then went on the top of the house and jumped off, inflicting injuries which cause death.

The Weather.

WASHINGTON, January 10.—Indiana, warmer, fair weather, fresh to brisk southwesterly winds.

GOOD SELECTIONS.

Senator J. M. Barrett and John C. Peters Justly Honored.

Hon. Charles McCulloch, by virtue of his position as chairman of the democratic county central committee, has appointed Hon. J. M. Barrett and Mr. J. C. Peters as delegates to represent Allen county at the state advisary convention and demonstration to be held at Indianapolis to-morrow.

Mr. McCulloch might have searched far and wide, but it is doubtful if he could name two gentlemen more acceptable or more likely to represent and express the sentiments of the democracy of this city and county than Messrs. Barrett and Peters.

Mr. Barrett is one of the brilliant lawyers of the Allen county bar and, as state senator, he achieved a reputation that makes his presence at any assembly an honor to the people he represents.

Mr. Peters is a representative citizen, who, from a humble start, has deservedly acquired much wealth and an enviable position in the industrial world. He is the owner of the Wayne hotel, one of the handsomest structures in the west, and is identified with our best interests.

The delegates will be accompanied by quite a large number of Fort Wayne gentlemen, so that altogether this democratic Gibraltar will occupy a prominent position in the party councils at Indianapolis to-morrow.

Some of the statesmen will go to-night and to-morrow morning, so as to be on the ground early.

E. A. K. HACKETT, Editor and Proprietor.

TUESDAY, JAN. 10, 1888.

THE Kokomo *Free Lance* has suspended publication. The name killed it.

THE shortest sentence ever served at the Michigan City penitentiary is six months. A man has just been sentenced for sixty days from Goshen, and the authorities will probably have to accept him.

THE democratic rally at Indianapolis to-morrow and the editorial convention Thursday will be notable events in our party history. Fort Wayne will have prominent representatives at the convention.

MRS. A. J. MCINTOSH, the oldest daughter of the late W. C. DePauw, of New Albany, who has entered suit against the executors, heirs, legatees and beneficiaries under the will, has submitted a proposition to Alex Dowling, the resident attorney of the estate, in which she offers to enter into an agreement with the heirs at law to observe the supposed last will of he father in regard to the payment of bequests to charities and public institutions should she succeed in breaking the will, and to pledge the entire estate to the discharge of these obligations. Unless this is approved by the other natural heirs, if the will is broken, the entire estate will revert to the DePauw family, and the other legatees will receive no part of the amount bequeathed to them.

CONGRESSMAN BROWNE, of the Sixth district, last week, introduced two very important bills in congress which, if passed, will cause to be paid to the state of Indiana, from the general government, a very large amount of money. The claims of the state against the general government vary in extent and character. In 1861 the state issued $2,000,000 in war loan bonds and on account of bad credit was obliged to sell them at a discount and redeem them at par, and it is claimed that the government should pay the difference, the amount of which is $636,979.41. Interest on this amount is also asked. Another claim is that based upon the action of the government, allowing each state fifteen per cent. rebate, and its share of the tax, provided it ordered it, which Governor Morton had done in Indiana. The other bill introduced by Mr. Browne provides for refunding to the various states and territories the amounts of the war tax paid by them, amounting in all to over $40,000,000, of which Indiana would probably be entitled to about $1,800,000.

SENATOR SHERMAN had not carefully read ex-President Jackson when he quoted him as against President Cleveland's proposition to reduce the tariff tax. In his farewell message Mr. Jackson said: "Congress has no right under the constitution to take money from the people, unless it is required to execute some one of the specific powers intrusted to the government; and if they raise more than is necessary for such purposes it is an abuse of the power of taxation, and unjust and oppressive. It may indeed happen that the revenue will sometimes exceed the amount anticipated when the taxes were laid. When, however, this is ascertained it is easy to reduce them; and, in such a case, it is unquestionably the duty of the government to reduce them, for no circumstances can justify it in assuming a power not given to it by the constitution, nor in taking away the money of the people when it is not needed for the legitimate wants of the government." Not less vigorously did he disapprove of the scheme advocated by James G. Blaine to continue taxation and divide the surplus among the states in proportion to their population. This, he said, was a violation of constitutional principles and predicted it would lead to corruption and abuse. He closed: "The surplus revenue will be drawn from the pockets of the people—from the farmer, the merchant and the laboring classes of society; but who will receive it when distributed among the states, where it is to be disposed of by leading politicians who have friends to favor and political partisans to gratify?"

THE people of Syracuse, N. Y., are indignant over Gen. L. W. Leavenworth's will. It ostensibly left to the city $500,000 for park improvements, public fountains, monuments, and a seminary for young women, besides bequests to Yale, Hamilton and Syracuse colleges and to a number of dependants. It is said the property is so entailed as to make the bequests practically delusive and of no avail. Consequently many pledges publicly made by the deceased are violated. Parks and avenues were named in his honor with the understanding that he was to contribute to their beautification.

"It's only a question of time," and a short time, too, as to when your rheumatism will yield to Hood's Sarsaparilla. Try it.

REORGANIZED.

The Tri-state Fair Association Meet and Elect Officers for the Coming Year.

Yesterday afternoon, at a meeting of the fair association, the following officers were elected for the ensuing year: W. D. Page, president; E. A. K. Hackett, vice-president; J. W. Pearse, superintendent; D. C. Fisher, treasurer; and W. W. Rockhill, secretary. Arrangements will soon be made for the annual fair, and it is to be hoped that it will be the best ever held in the county. Mr. Page will put new life into the institution and cause things to boom.

Y. M. C. A.

The annual meeting of the Y. M. C. A., as previously announced, was held in the association hall, last evening, the following are the officers elected for the ensuing year:

Third Vice President—W. E. Mossman.
Fourth Vice President—Dr. W. T. Ferguson.

The meeting was a most enthusiastic one and all are determined to push forward to a speedy completion the beautiful building, so that aggressive work may be carried forward.

Marion Township Teachers's Institute.

The teachers' institute of Marion township convened at the school house in Williamsport, with our excellent trustee, J. J. Essig, in the chair.

The school room was handsomely decorated by the pupils of the school and their teacher, Mr. W. F. Essig. Around the wall hung many very beautiful pictures and mottoes; the mottoes being such as: "Obey Your Teacher" and "Do the Best You can." Such, were they heeded by all pupils, the country would be far in advance of its present literary attainments.

A goodly number had assembled to hear the discussions of the several subjects by the teachers to whom they were assigned.

All present seemed to coincide with all, or nearly all, the advanced ideas of teaching at the present day, as exemplified by the present corps of teachers and used by them in the daily routine of school room exercises.

The subjects discussed were full and pointed.

R. M. Smith gave his method of teaching history, which was a very able exposition of the subject and did credit to him.

"How to Teach the First Reader Grade" was the subject of a paper by J. C. Smith. A very spirited discussion followed.

Wm. F. Essig then conducted a class of his pupils in the geography of the United States thus showing his method of teaching that subject.

An adjournment for dinner was then had and on reassembling, C. Harrod gave a very clear explanation of the "Infinitive."

Miss Leah Barkley made a diagram of the "Pronoun," which was well received.

Common fractions was then very ably demonstrated by H. J. Fonner by means of objects.

H. I. Smith endeavored to tell the teachers "How to break up whispering in School."

This was followed by a talk on Neurlogy E. E. Jamison.

School government was the subject of a general discussion and participated in by nearly all present.

The institute then adjourned to meet Saturday, February 4th, 1888, at Middletown,

Rheumatism

Is undoubtedly caused by lactic acid in the blood. This acid attacks the fibrous tissues, and causes the pains and aches in the back, shoulders, knees, ankles, hips, and wrists. Thousands of people have found in Hood's Sarsaparilla a positive cure for rheumatism. This medicine, by its purifying action, neutralizes the acidity of the blood, and also builds up and strengthens the whole body.

THREE BARRELS
— OF —
MONEY HAVE ARRIVED!

Remember that these are money days, and will continue until Saturday night, January the 14th, when this novel and expensive souvenir system of distributing a very large per cent. of the sales to the purchasers, will be discontinued and the goods placed on sale, through an agent, at the same price, but without the souvenir. One of these barrels of genuine money are displayed in the front window of the store of the Globe Tea and Coffee company, 87 Calhoun street, Fort Wayne.

The greatest sight ever witnessed in this city. It is well worth coming miles to see. The other three barrels are distributed in the cans of tea and coffee for sale on the shelves of their store. The denominations of this money are 1's, 2's, 5's, 20's, 50's and 100 dollar bills. Every purchaser will certainly receive a sum of money ranging from 10 cents upwards.

But in order to accommodate parties ordering by mail or express, three sections of shelves will be reserved, and they will hold cans containing watches, diamonds, and other jewelry of lesser value. Orders by mail will be selected from these three sections of mixed cans of money, watches, diamonds, and other jewelry unless otherwise ordered.

Now is the time. Come while you can get these valuable presents. This company justly claim that they have as good a right to give away to their patrons these valuables as their competitors have to give cheap chromos, glassware, etc.

Below will be found a partial list of persons finding genuine diamonds and other valuable articles in their cans of tea and coffee on diamond days.

E. B. Kunkle, 138 East Wayne street, found a ladies' solid gold hunting case watch in tea. Miss Nellie Shaff, Arcola, Ind., got a solid gold chased ring. J. H. Heller, 185 West Jefferson street, found a genuine diamond ring. J. B. Hire, stock dealer, Claypool, Ind., found a ladies' solid hunting case stem winder and set watch. Mrs. M. L. Myers, 64 McClellen street, found a solid gold band ring. Andrew Schmidt, moulder, found a genuine diamond ruby and sapphire lace pin in his can, and over twenty other valuable souvenirs went out in orders received by mail and express. Orders by mail promptly forwarded to all parts of the United States on receipt of cash or post office order. Terms, single cans $1, six for $5, thirteen for $10, and twenty-seven for $20. Address

THE colored children of Oxford Ohio, have always had public schools separate from the white children's schools, but this year they refused to attend them, and insisted upon going to the same schools that the white children attended. They were refused admission, and brought an action against the school authorities, which has just been decided in favor of the negroes.

Syrup of Figs.

Manufactured only by the California Fig Syrup Co., San Francisco, Cal., is Nature's own true laxative. This pleasant California liquid fruit remedy may be had of Theime and Gross, druggists, large bottles at fifty cents or one dollar. It is the most pleasant, prompt, and effective remedy known to cleanse the system; to set on the Liver, Kidneys, and bowels gently yet thoroughly; to dispel Headaches, Colds and Fevers; to cure Constipation, Indigestion, and kindred ills.

The breath of a chronic catarrh patient is often so offensive that he becomes an object of disgust. After a time ulceration sets in, the spongy bones are attacked, and frequently entirely destroyed. A constant scource of discomfort is the dripping of the purulent secretions into the throat sometimes producing inveterate bronchitis, which in its turn has been the exciting cause of pulmonary disease. The brilliant results which have attended its use for years past properly designate Ely's Cream Balm as by far the best and only cure.

Tutt's Pills

J. H. ATHEY, a prominent druggist of Holly Springs, Miss., says: "Your pills are doing wonders in this state. The sale of Tutt's Pills exceed those of all others combined. They are peculiarly adapted to malarial diseases. Our physicians all prescribe them."

SOLD EVERYWHERE.

Office, 44 Murray Street, New York.

The treatment of many thousands of cases of those chronic weaknesses and distressing ailments peculiar to females, at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has afforded a vast experience in nicely adapting and thoroughly testing remedies for the cure of woman's peculiar maladies.

Dr. Pierce's Favorite Prescription is the outgrowth, or result, of this great and valuable experience. Thousands of testimonials, received from patients and from physicians who have tested it in the more aggravated and obstinate cases which had baffled their skill, prove it to be the most wonderful remedy ever devised for the relief and cure of suffering women. It is not recommended as a "cure-all," but as a most perfect Specific for woman's peculiar ailments.

As a powerful, invigorating tonic, it imparts strength to the whole system, and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine, "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Favorite Prescription is a legitimate medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For morning sickness, nausea, from whatever cause arising, weak stomach, indigestion, dyspepsia and kindred symptoms, it is, when in small doses, will prove very beneficial.

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhœa, or whites, excessive, painful menstruation, unnatural suppressions, prolapsus, or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, accompanied with "internal heat."

As a regulator and promoter of functional action, at that critical period of change from girlhood to womanhood, "Favorite Prescription" is a perfectly safe remedial agent, and can produce only good results. It is equally efficacious as a tonic and invigorant when taken for those disorders and derangements incident to that late and most critical period known as "The Change of Life."

"Favorite Prescription," when taken in connection with the use of Dr. Pierce's Golden Medical Discovery, and small laxative doses of Dr. Pierce's Purgative Pellets (Little Liver Pills), cures Liver, Kidney and Bladder disease. Their combined use also removes blood taints, and abolishes carbuncles and scrofulous humors from the system.

"Favorite Prescription" is the only medicine sold by druggists, under a positive guarantee, from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years.

Large bottles (100 doses) $1.00, or six bottles for $5.00.

For large, illustrated Treatise on Diseases of Women (160 pages, paper-covered), send 10 cents in stamps. Address,

Wrong

To imagine that the treatment of Constipation consists merely in unloading the bowels. The medicine must not only act as a purgative, but be a tonic as well, and not produce after its use greater costiveness. This is what Simmons Liver Regulator always does.

"As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels."—W. J. McELROY, Macon, Ga.

Believe us, when we tell you that most of the despondent feeling (the blues) is the effect of a Torpid Liver, Indigestion, Weakness of Stomach, and Nervousness. A dose of Simmons Liver Regulator invariably relieves, cures and prevents a re-occurrence.

"I find Simmons Liver Regulator, very safe, harmless and valuable as a family medicine, and have used it for any disorder of the system and have found it to act like a charm, and I believe that if it was used in time, it would prove a great preventive of sickness. I have often recommended it to my friends, and shall continue to do so."—Rev. JAMES M. ROLLINS, Fairfield, Va.

Simmons Liver Regulator is given with safety and with the happiest results, in almost any ailment, to the most delicate infant as well as to the adult. For all diseases in which a laxative, alterative, or purgative is needed, it will give the most perfect satisfaction. It is the cheapest, purest and best Family Medicine in the world.

AROUND THE DEPOTS

The New Assistant Master Mechanic of the Pittsburg Shops—An Employe of the Bass Works Injured.

Pay days are now in order again.

Cold days always have a bad effect on railroad travel.

C. W. Emerick has taken a position on the Pittsburg road as a fireman.

C. J. McCann, formerly a fireman on the Wabash, has taken a similar position on the Grand Rapids.

The ten new engines from the Baldwin locomotive works for the Nickel Plate will arrive next week.

George Butcher, an employe at Winch's spoke factory, who had his hand injured by a buzz saw a few days ago, is still confined to his home from his injuries.

The freedom from accidents on the railroads passing through this city was broken this morning by the accident which happened to the Pittsburg switchman, noted elsewhere.

Fred Fleishman, of the Bass moulding rooms, was out hunting the other day and killed fifteen rabbits. This gives the ribbon to Fred now, until somebody in the shops beats that record.

Robert Harrison, the foreman in the Pittsburg car shops, is still on the sick list. His brother, William, one of the well known and competent employes of the works, is performing his duties during his sickness.

The Bass foundry have connected the moulding rooms of their car wheel department with the other moulding rooms of the works by means of an arched doorway, an improvement that adds wonderfully to the convenience of the workmen.

The promotion of the firemen on the Pittsburg road to the position of engineers, which were mentioned in one of the daily papers of yesterday as having taken place since the beginning of the new year, occurred during the first part of last month and were mentioned in THE SENTINEL at the time.

Joseph Buckley, an employe in the blacksmith shops of the Bass foundry, was quite seriously injured yesterday afternoon by a spark from a piece of red hot iron flying in his eye. The injury will keep him from work for several days. He boards on Baker street. These accidents are frequent in the manufacturing establishments.

The impression prevails that General Manager Baldwin, of the Pennsylvania lines, will increase the pay of the men in the train service as desired by the latter. He says that when his answer is ready he will give it to the men direct, not through the press. Right here it will be well for General Manager Baldwin to bear in mind that the course the press has pursued on the line of the Pennsylvania system has done much to prevent strikes.

Mr. J. E. Steward, of Dennison, O., formerly an employe of the Pan Handle road, has been appointed to the position of master mechanic of the Pittsburg shops in this city, and assumed his new duties this morning. Mr. Steward is a young man of fine abilities, pleasant address and has the experience and knowledge to fill this important position in an acceptable manner. He arrived in the city yesterday and is now making himself familiar with the practical details of the company's mammoth works and in getting acquainted with the men in the various departments.

On some of the roads where the rules, which were adopted at the recent meeting of the superintendents of the United States, have been introduced, the train men are not taking kindly to them. They do not object to the rules regarding the use of intoxicating liquors, but they hardly think it fair that they can not smoke when on duty, especially the freight crews. "Of course, no employe on a passenger train would think of smoking when on duty, but the freight train crews like to get into the caboose and smoke and tell stories when waiting on side tracks," says one of their number.

The Fort Wayne Iron works, Horton Manufacturing company, Kerr Murray foundry and the Bass works paid off their employes to-day and the boys of those establishments will have a pocket full of money to-night. One of the foremen in a large manufacturing establishment of the city said to a SENTINEL reporter this morning that he always hated to see pay day come. "Why?" asked our young man. "Because," said he, "there is always a large number of men, who instead of using their money for the comfort of their families spend it in saloons and either fail to report for work the next day or come in a half intoxicated condition and really unfit for work. The saloons get a big part of the earnings of some of my men and the wages they draw don't last them long. Many of them have their earnings spent in a few days and their families have to suffer from it for the balance of the month. They ought to learn by experience, but they don't seem to do it, and the same old story of dissipation and suffering is repeated every month. This is why I say 'I hate to see pay days come.'"

Gilded five cents are going for five dollar gold pieces, but Dr. Bull's Cough Syrup needs no gilding to make it go.

The Drum Major.

Do you, my dear sir, who read this fancy that you could be a drum major? Can you fancy anything more exquisitely foolish than you would look in that dress? No. Preposterous as our conceit is in most directions, we know that a limit is set to all human achievement. You could no more march in review for miles before thousands of people and flourish your rattan in their faces with the debonair grace or easy insolence of a drum major than you could fly. You would certainly suck it, and probably drop it, and possibly run somebody through with it. You would look positively purple in your hideous embarrassment, and sigh for an earthquake to swallow you or the spectators up as you shambled awkwardly along in utter wretchedness, but, unlike Alice Ben Bolt of ballad fame, you would not make the multitude weep with delight by your smile or tremble with fear at your frown, and not for all the gold of Arabia and the gems of Samarcand would you put yourself in such a position. Have you, par hasard, has anybody, ever seen a dead drum major? Can you lay your hands on a living one? What is he like in private life? Is he as good as he is great? Has he any occupation except "to exist beautifully," a dwelling-place, associates?

Like a king, he can have no friends, for he has no equals, but he may have a family, though to imagine him a Benedict smoking his pipe on the back steps of a tenement-house in his shirt sleeves, while a half-dozen dirty drum majorkins swarm about him is quite impossible, and to fancy him *deshabille*, in a red-flannel night-cap, his face swelled up (instead of his chest, with toothache, warming the baby's food at twenty minutes of 2 a. m., gives the mind a shock from which there is no recovery. It is a question, of course, whether he inspires anything like the terror at home that he does abroad.

I opine that Mrs. Drum Major is a small, very small woman, who has that blustering braggart of a husband, before whom we tremble, completely under her thumb. She has got the length of his foot long since. Stamps on it persistently and who makes him take it away. She knows who is afraid and can be made to roar as gently as any sucking dove. Are, then, the wives of drum majors the real rulers of the world? This is a most alarming idea; for who rules them? Their priests? Their physicians? A baby? A lapdog? Gracious powers! What is the use of magna charta, trial by jury, or the Declaration of Independence, if what politicians (with a reporter behind the platform, taking notes) call "the sacred liberties of the people" are at the mercy of such obscure and irresponsible parties as those last named? Shades of our revolutionary forefathers, was it for this that ye bled and died?

Such as they are, however, we have got to accept them. The barbarian in us loves glitter and show, and as long as a single procession winds along the path of glory, the drum major will be found entrancing and dragooning the hydra-headed monster as we see him in Detaille's great picture, so

Here's health to all gentleman drummers,
That ever have thumped on a skin.

—*Frances C. Baylor, in Lippincott's.*

If the food is not properly digested it becomes corrupt, and poisons the system it is intended to nourish. This is indigestion.

"My wife has suffered for many years with indigestion. After trying everything else recommended, she tried Simmons Liver Regulator. In three days after taking it according to directions she was in perfect health; she does not suffer at all and can eat anything she wants without any of her previous symptoms."

W. C. SUBERS, Bainbridge, Ga.

An Undeveloped Resource.

The chief plant products of West Africa having a present economic value are, according to a new hand-book by Captain Alfred Maloney, palm oil, ground nuts, india-rubber, coffee, dye-woods, cacao, cotton fibers, and timbers. Palm oil is obtained from a plant covering immense areas, and is imported to England to the value of nearly $5,000,000 yearly. A new product is the "white African rubber," from *Landolphia owariensis*, in which the trade has risen during the last four years from almost nothing to nearly $180,000. Many plants yield valuable gums, and many have important medicinal properties. There is besides, a wonderful botanical wealth whose possible practical value is not known.—*Arkansaw Traveler.*

Bringing Gladness

To millions, pleasing their palates and cleansing their system, arousing their Livers, Kidneys, Stomachs, and Bowels to a healthy activity. Such is the mission of the famous California liquid fruit remedy, Syrup of Figs. 50c. and $1 bottles for sale by Thieme & Gross.

I give honor to whom it is due. Dr. David Kennedy's favorite remedy cured me of Bright's disease and Gravel. Four of the best physicians had failed to relieve me. I have recommended it to scores of people with like success, and know it will cure all who try it.—Mrs. E. P. Misner, Burg Hill, O. Send 2c. stamp to Dr. Kennedy, Rondout, N. Y., for book how to cure Kidney, Liver and Blood Disorders. Mention this paper.

A Lean Larder.

It is pleasant to know even one family in which a child of tender years takes an interest in those practical details of housekeeping which make a woman so valuable to a man who wants to keep house. The youngster is but 7. They are a family of three and none of them like dessert. But the other evening a guest unexpectedly came to dinner, and it came to be a question as to whether he might not like a bit of cheese. The young lady, with great urbanity, looked up, and said:

"Mamma, I don't think there's anything in the house except some 'mouse' cheese, and I don't think the General would like that."—*San Francisco Chronicle.*

The Commercial Travelers' association closed its annual meeting. It was resolved that all future assemblies of the association should be held in Indianapolis.

The night police officers are receiving their new uniform caps. Officer Leonard Fuchshuber will don his cap to-night. His fellow officers are arranging to make the event memorable.

The management of the "Still Alarm" company evidently mean business when they offer a wager that their horses can answer the alarm quicker than any team in the world. A gentleman of this city saw them the other evening and pronounces their hitching-up wonderful.

The Logansport *Pharos* pays this compliment to a former Fort Wayne priest: "Rev. Father Campion announced to his congregation yesterday morning that all necessary arrangements had been made for enlarging and improving the St. Vincent de Paul church. The work will be commenced early in the spring. The prosperity of the church under Father Campion's charge has been of the most satisfactory nature."

The Pullman Car company have just turned out of their shops what is said to be a model baggage car. The car was built to run on the Atlantic coast line, is fitted up with all modern improvements, and will be lighted with electricity furnished by a dynamo placed in the car, which will derive its power from the axles of the car. The special facilities for smashing "Saratogas," will carry with them the entire force of the train.

The Michigan City *Dispatch* writes up the available bachelors of that place. It has this personal mention of a well known Fort Wayne gentleman: "Luke Fleming, of the Pilot staff, is considered by many as a desirable quality, but seems to be rather adverse to society; with the advice and co-operation of a life partner, it is believed that he might outshine Henry Neimer as 'belle of the ball.'"

The annual meeting of the Morton club, an organization that wastes its energies in social pleasures and republican campaign work, met last night and elected the following officers for the ensuing year: President, A. A. Chapin; first vice-president, Dr. A. J. Laubach; second vice president, Leopold Freiberger; third vice president, James H. Simonson; fourth vice president, Harry O. Hanna; recording secretary, Allen H. Dougall; financial secretary, George W. Mullen; treasurer, C. W. Orr. Board of directors, G. E. Burdey, W. D. Page, C. R. Higgins, Frank M. Leonard and Paul Kuhne.

The city councilmen met last night to formally discuss the proposition of the Jenney company to light the city. The discussion was warm and varied, but the gentlemen very wisely concluded to submit the question to the mayor, city attorney and a special committee, who will submit a contract with the Jenney company to the council and then final action will be taken. It is believed that no councilman wishes to deprive the Jenney company of the privilege of lighting their own city. They simply want a satisfactory contract and THE SENTINEL feels that one satisfactory to all interests will be framed. The committee will be named to-night and a report will be submitted by them at the meeting two weeks hence.

Capt. Scott Swann has again been appointed traveling salesman in Northern Indiana for the Walter A. Wood mower and binder. T. J. Nolton is the city agent. Captain Swann is one of the best machine men in the country and a hustler in everything he undertakes.

Fred O. Stringer, son of Mr. E. T. Stringer, of West DeWald street, has just been appointed to a position in the railway service, with his run on the Lake Shore road, between Chicago and New York. Mr. Stringer is a bright, deserving young man and his recognition is but a just tribute to his father, who is one of the stanchest democrats in the state.

Mart Devany, the vicious youth who was supposed to be safely ensconced in the state reform school at Plainfield, arrived in the city yesterday. He says that while enjoying a lunch with Deputy Sheriff Schrader, at Indianapolis, he managed to escape from that officer and has since been at liberty. He went east on a freight train last night and says he will not return to Fort Wayne.

In the First and Second wards the republicans held caucuses last night to elect delegates to the congressional convention. In both precincts an attempt was made to appoint delegates to the state convention. In the First ward the contest was between friends and opponents of Colonel Robertson, whose delegates were chosen. In the Second ward Mr. J. B. Harper was defeated for state delegate and he precipitated a row, denying that the caucuses had the authority to select state delegates. This is a very pretty picture of republican harmony.

BUSINESS MEN.

The Annual Meeting of the Exchange and the New Officers.

The Business Men's exchange observed the first anniversary of organization, at its parlors on Clinton street, last night. Mr. P. A. Randall presided and the roll call showed a good attendance. G. W. Seavy reported gratifying progress in the project of inducing the city council to encourage the piping of natural gas to this city and held that it was better to have no gas than have it at exorbitant prices.

Mr. Mason Long was elected to membership and the secretary read a complimentary review of the work and achievements of the exchange during the past year.

The first annual election was then held. Twenty-seven names were presented from which to choose the eleven directors. The result was the choice of the following gentlemen: J. B. White, G. W. Seavey, Frank Alderman, A. S. Lauferty, S. M. Foster, P. A. Randall, Fred Fekert, J. B. Monning, Fred Beach, H. D. Winch and Christ. Schlatter.

The directors met immediately and elected the following officers: President, J. B. White; vice-president, G. W. Seavey; treasurer, Fred Fekert; financial secretary, J. B. Monning; recording and corresponding secretary, A. J. Moynihan; trustees, M. V. B. Spencer, J. C. Peters and D. N. Foster.

THE SENTINEL is pleased to know that the exchange will continue its good work and bespeaks for it the support of the business community.

Rough on the Counsel.

The following experience of a lawyer was related by himself to the writer many years ago:

He said—I was defending a prisoner for horse stealing, and seeing no other means of defending him under the circumstances, I set up the plea of insanity. I argued it at length, read many extracts from works on medical jurisprudence, and had the patient attention of the Court. The prosecuting counsel did not attempt to reply to my argument or controvert my authorities; I seemed to have things my own way, and whispered to the prisoner that he needn't be uneasy.

Then came the Judge's charge, in which he reminded the jury that there was no dispute between counsel as to the facts of the case. Indeed, there could not have been, for several witnesses had sworn positively that they saw my client steal the horse. "But," concluded the Court, "the plea of insanity has been set up, and I charge you, gentlemen of the jury, that it should receive your very grave and serious deliberation; but I must be allowed to say, gentlemen, that for myself, upon a review of the whole case, I can discover no traces of insanity on the part of the prisoner, except, perhaps, in the selection of his counsel."—*Western Exchange.*

Shall It Be a "Penny Counter" Next?

When any one not familiar with that peculiar institution walks through what is known as a "five-cent store" he is amazed at the thousands of articles of real value that can be bought for that trifling sum. The manufacture of goods of this kind is becoming a distinct line of business. Shall we not have "penny stores" next? It is said that almost as great a variety of goods can be shown at a penny each as at the higher price. Would it not be a good idea for some of the larger houses to try the experiment of a "penny counter?"—*Philadelphia Times.*
